

## **A Celebration: *Our 40th Anniversary***

We are very proud to be announcing our 40th Year in Business. Cornell will be celebrating our Anniversary throughout 2007. So, on this occasion, we are able to reflect not only on the good year we are having, but also on our success since we started back in 1967. It is remarkable, in a world that seems to change so much, how constant the patterns of our business have been. These are just a few:

We have been consistently blessed by a unique and dedicated staff. It is the rare individual who is both skilled with technical issues and also skilled with people - and yet we seem to find that kind of employee, and they seem to want to stick around. We are, and shall always be, extremely grateful to them for their loyalty, their discipline, their imagination and their dedication to Cornell

We have also been consistently blessed by a wealth of wonderful customers, who enjoy great success in their own markets and industries, and who constantly challenge us to help them with this success in a world of constant change. Their issues and problems become our issues and problems as we are given the opportunity to become a resourceful supplier and grow with them. Our heartfelt thanks and appreciation goes to all of our loyal customers and friends.

Our gratitude extends also to our truly outstanding group of suppliers and manufacturers. These companies provide exceptional quality, service and a great attitude of unquestioning support to Cornell in our striving to provide truly outstanding customer support and excellence.

And that is our success story. We are one of Canada's preferred suppliers of high quality metal fabrications for a variety of industries, as well as steel molds for pre-cast concrete products. Our customers serve many markets in North America. Most of our business is repeat business from the same customers who show us their satisfaction with Cornell by continuously re-ordering.

To our staff, our customers and our suppliers: a great big **“THANK YOU”** to all.  
We wish you a super, happy and healthy 40th Anniversary!

Jerry Cornell Jr.  
General Manager
